The College of New Jersey Hosts
The 45th ANNUAL ORIGINAL PERSONAL COMPUTER FESTIVAL

Saturday, March 21, 2020 at The College of New Jersey, Ewing NJ

Focus on Artificial Intelligence
3:40pm
Keynote Speaker:
Jerry Foster
CTO & a founder of Plex Systems, on “How I Learned to Stop Worrying and Love Artificial Intelligence”

There is much talk these days about machine learning and artificial intelligence (AI), and for good reason. AI is the enabler that drives exponential value from all other technologies; for any process that generates data, it is no longer optional, but a requirement. This keynote provides an overview of Artificial Intelligence, from its humble beginnings to disruptive force, with an eye towards the significant positive impact on our world.

Jerry Foster is the CTO and one of the founders of Plex Systems, which today helps more than 600 manufacturers worldwide run their businesses. Jerry continues to set the pace of the innovation in the cloud, leading the company’s technology strategy and research initiatives that drive the industry forward.
